ABOUT THE CLUB

High Wycombe Lawn Tennis Club provides tennis and social activities for the enjoyment of all adult and junior members.

The Club has six all weather courts, including 3 "Astro Turf", all are floodlit. We are situated in secluded grounds by the River Wye.

We have two main levels of membership:

SENIORS

Full members who have increased playing time and are eligible to play matches. Admission to this category is based on experience and skill level

OFF-PEAK

Encourages less experienced players to join the club and improve their tennis. Off-Peak members will be able to play with Seniors on Club Nights and will invited to join occasional week-end club sessions or tournaments as announced from time to time.

The Club believes that by maintaining the two categories, competitive tennis is enjoyed by everyone. Off-peak members may, if they wish, apply through a member of the coaching staff to transfer to the Senior category.
